

Features

- Fast and Convenient 12 adjustable quick change knife holder.
- High Carbon grade blade have life of 6 times than of ordinary blade.
- Tank based ink system ensures continuous supply of ink.
- Long lasting and easy-to-use SAMR ink cartridge
- Servo Drive enables high precession and lower noise.
- Compatible with Industry standard CAD Software.

Technical Parameter

Model	S-1209Pro	S-1512Pro
HMI	LCD	
Inkjet Technology	HB380 (piezoelectric type)	
Resolution	360dpi	
Blade	Japanese OEM blade	
Cutting Thickness	60g-600g	
Cutting Material	Kraft Paper, computer paper, plastic board, white cardboard and other fibers	
The Max Cutting Area	1200mm*900mm	1500mm*1200mm
Drive Way	Servo System	
Inkjet Speed	60m ² /h	90m ² /h
Data Format	Compatible with any garment CAD format, HP-GL, DXF	
Pump Power	1.5kW	
Transmission Port	USB 2.0	
Power Supply	AC input 220V ± 10% 50HZ, 2KW	
Machine Size	1920*1531*1103mm	2220*1831*1103mm
Packaging Size	2000*1640*610mm	2300*1940*610mm
